Getting Started:

The course is available through Purdue University's online course delivery system. All you need is a computer with a reliable internet connection and a browser. We recommend a full-size computer monitor to receive the full multimedia experience.

Registration

Sign up at <https://ppp.purdue.edu/resources/e-learning/> and choose Category 2 Forestry Pest Management. You will need an email address for registration, a mailing address for the manual, and a credit card to pay the \$110 registration fee.

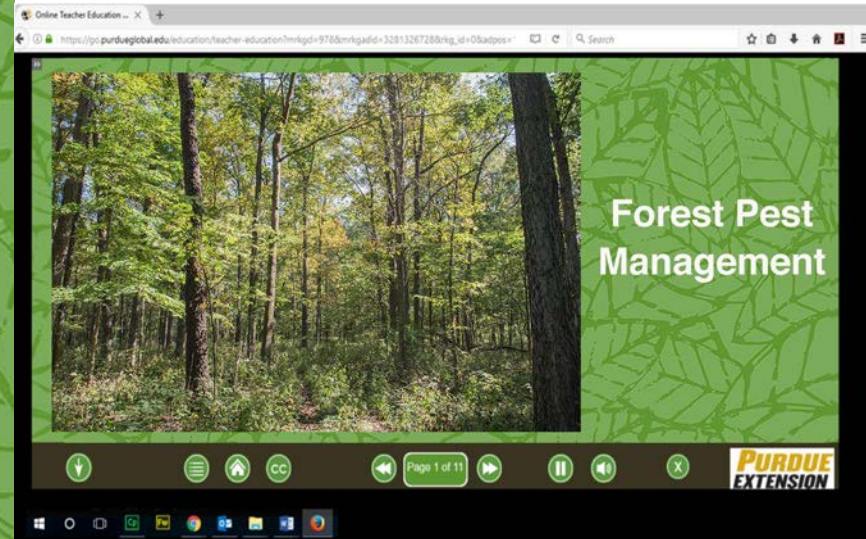

Certification Exam

You can schedule a time to take the certification exam at one of the 25+ Ivy Tech campuses across the state. Metro Institute conducts proctored exams for a fee. Sign up and schedule a exam session on their website:

Purdue Pesticide Programs: Forest Pest Management eLearning Training

Purdue Pesticide Programs offers a new option for those needing certification to apply pesticides to Indiana forests. This eLearning module offers six hours of training to prepare you for the Office of Indiana State Chemist Category 2 Forest Pest Management certification exam.

Need to be certified to apply pesticides in forests or forest nurseries in Indiana?

Listen, watch, and learn!

Purdue Pesticide Programs has now brought classroom instruction to your laptop. Each chapter is filled with practical information supplemented with photos, videos, and activities to enhance the learning experience. This course is a great start whether you are a summer intern, starting your new career, or have years of experience.

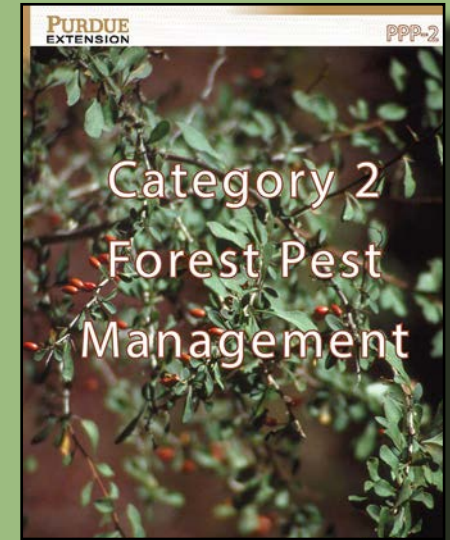

PURDUE
UNIVERSITY®

Purdue University is an equal access/equal opportunity university.

Advantages of Forest Pest Management eLearning

1. eLearning brings the Category 2 training manual to life with real-world examples.
2. Experts will share their practical knowledge.
